

CITY OF TORRANCE

NOTICE OF STREET CONSTRUCTION

Torrance Boulevard Rehabilitation

Dear Citizen,

As you may be aware, construction activity has begun on Torrance Boulevard between Maple Avenue and Madrona Avenue. Work hours are between 7:00 a.m. and 4:00 p.m. on weekdays. Currently, the City's contractor is installing new curb ramps, curb and gutter, and sidewalk along Torrance Boulevard. On **Tuesday, December 30th**, street construction will begin. The work will be ongoing for approximately 4 weeks.

TRAFFIC IMPACTS AND ACCESS

Traffic will be reduced to one lane in each direction on a 24 hour basis during the construction. Eastbound left-turns from Torrance Boulevard onto northbound Maple Avenue will be prohibited on a 24-hour basis during the work. A suggested alternate route would be to turn left at Madrona Avenue and take a right onto Civic Center Drive to get to Maple Avenue during this time.

Access to City Hall driveways and the Torrance Boulevard service road driveway on the south side near Madrona Avenue will be accessible during construction. However, there will be short periods (approximately 2 hours) on some days when access will be prohibited in order to complete work.

Delays are expected, so we recommend you identify an alternate route when possible.

We thank you for your cooperation and patience during the construction. We remind everyone to use caution, reduce your speed and observe the traffic restrictions. Although inconveniences are expected, it is our goal to complete the work as quickly as possible.

For questions or more information, please contact the following City staff:

Bill Kamimura, Project Engineer (310) 618-3078

Ron Katayama, Project Inspector (310) 901-9224
